

“America2012” Project

Increase The Evangelical Vote Across The Nation

On November 6th, 2012, By **3 million**

Why?

- **The 2012 Elections** will determine whether America will **become** a socialist, top down, government controlled nation or **return** to limited government, fiscal responsibility, and traditional values.
- **The 2012 Elections** will determine whether we remain a **free** people or become progressively **subjugated** by a mindset that is hostile to Christianity, and the principles embodied in our Constitution.
- The Evangelical Christian voting block (**52 million eligible to VOTE**) is **the largest voting block in the nation**, and – **if mobilized to VOTE** – could **ensure** the election of far more conservative Christian World View candidates to public office at all levels of civil government.
- Of that **52 million**, however, **only 33 million VOTED** in the Presidential Elections of **2004** and **2008**! Only **22 million** voted in the **2010** Elections.
- Those who **depend** on government, and see **more** government largesse and **control** as the solution to life’s challenges, are determined to maintain their base of support and persuade independents that large cuts in government spending will threaten everything upon which they depend.
- This election – with the propaganda, demagoguery, media bias, and negative campaigning by special interests – will **mislead the naïve**, the **uninformed**, and the **dependent**, in order for radical liberal elites to maintain **power** and **control** in Washington for four more years, from which we will not recover.
- **By our very numbers**, it is we Christians who hold America’s future in our hands. It is **our vision** and **commitment** to our **citizenship duty** – **or lack thereof** – that will determine the nation’s course. If America is to be restored ‘**Under God**’, Evangelical Christians must **be informed, engaged, and mobilized to VOTE** in far greater numbers in **2012**.

How?

In March of this year, **Restore America** commenced talks with the most successful Christian internet marketing, communication, and fund raising group in the nation to **develop** and **execute** a **strategic marketing and fund raising plan** to **broaden our base of support** and **mobilize millions of Christians to VOTE** in **2012**.

Trinet Internet Solutions (<http://www.trinetsolutions.com/>) , based in Southern California, is a full service web firm whose clients include **TBN, World Vision, Feed the Children, Focus on the Family, Samaritans Purse, Billy Graham Evangelistic Association, Campus Crusade for Christ, The Red Cross, The Salvation Army, Love Worth Finding, Precept Ministries, and Coral Ridge Ministries.**

Trinet develops highly regarded and successful online strategies to engage a specific demographic (In our project, Bible believing, Born Again, Evangelical Christians), drive them to a specifically designed web site, and direct them toward our desired **calls-to-action**.

A COMPREHENSIVE ONLINE STRATEGY

Their first project for **Restore America** will be to develop a **COMPREHENSIVE ONLINE STRATEGY** to significantly increase our donor base, and the number of Evangelical VOTERS in the 2012 Elections by **3 million**. The cost of this initial project is **\$20,000** and will take 4 months to fully develop.

If we raise the \$20,000 by May 15th, the strategy can be completed by September, and the project commenced by November, 2011, giving us a full year to carry out.

Our Immediate Need

- **A Matching Grant** (or combination of \$1,000 grants) of **\$4,000** from one or more of our Major Donors/Partners, which, when matched by smaller donations would give us **\$8,000**
- **20 Men and Women** who will each give **\$25, \$50, or \$100, and raise \$500 or more** from like-minded friends and/or business associates.

That would give us the \$20,000 to commence the project.
